

# IMPORTANT NOTICE

## TEMPORARY CAFÉ

### SPA / STEAM ROOM CLOSURE

Work is expected to begin the week commencing Monday 26 April on the redevelopment of the existing café and internal pool hall areas. Whilst the facility will remain open during this stage of work there will be a number of changes that visitors need to be aware of:

- A temporary wall has been erected alongside the existing café which has blocked the exit lane in the foyer. Visitors will need to exit and enter the centre via the foyer, through the one entry/exit door.
- The existing spa and steam room will need to be decommissioned. This will occur after Tuesday 27 April. The new spa and steam room facility will be available when the redevelopment is complete.
- A temporary cafe offering a reduced service will be set up in the foyer. Visitors will be able to purchase drinks and food and have a place to sit and meet with friends.
- Access to the pool hall will be via the new amenities area corridor or the existing change rooms.

We apologise for any inconvenience that may be caused during the next stage of work. We urge visitors to please be patient as the redevelopment reaches the next stage.
